FICTIONAL TRAINING DOCUMENT

Internal Audit Observation – Delayed TDS Deposits

For Copilot training only. Not a real audit report or tax advice.

Department	Finance & Tax Operations (Fictional)
Review period	April–June 2026
Observation ID	IA-TRN-026
Observation date	12 July 2026

Observation

During an internal review of TDS deposit records for April to June 2026, the audit team noted that five TDS deposits were made after the applicable internal due-date tracker. The delays ranged from 3 to 11 calendar days. The total tax amount associated with the five delayed deposits was ■6,48,000.

Details noted in the review

Item	Details
April 2026	Two deposits delayed by 3 and 5 days; combined amount ■2,10,000.
May 2026	Two deposits delayed by 7 and 11 days; combined amount ■3,08,000.
June 2026	One deposit delayed by 6 days; amount ■1,30,000.
Root cause	Two payment files were submitted late to the tax operations team. The reason for the remaining thr
Process observation	The monthly reconciliation checklist was completed after the delayed deposits in three cases.
Management response	No formal management response was included in the observation reviewed.

Audit recommendation

The audit team recommends reviewing the TDS payment workflow, clarifying responsibility for payment-file submission, and strengthening the monthly reconciliation checklist. The observation does not state whether any statutory interest or penalty has been calculated.
